1 - 9

Overall effectiveness

**Satisfactory with Good Features**

Students' Academic  
Achievement

Students' Personal  
Development and  
Wellbeing

Teaching, Learning  
and Assessment

Leadership,  
Management and  
Governance

### Review Summary

- The school is a suitable learning environment, where students receive appropriate education in most lessons, and to a better extent in Cycle one lessons.
- The school offers a variety of extra-curricular activities and programmes that enhance students' experiences and meet their diverse interests.
- The school's leadership has positive communication channels with parents and partners and ensures the utilisation of available facilities and resources to provide individual personal support for students.
- The school needs to focus more on improving students' academic standards and developing the academic support mechanisms, especially for the low achieving students.
- The school should improve the quality of teaching by developing teachers' performance in lessons more effectively.
- All of this indicates that students will receive appropriate educational support and effective personal attention. The school will develop an Action Plan based on the review recommendations.
