Review Summary

- The school provides a safe learning environment and focuses on utilising its learning resources and facilities appropriately.
- Students demonstrate high self-confidence and take responsibility for their own learning. Moreover, the school offers effective care for students with special needs and those with speech and language difficulties.
- The school's leadership adopts a collaborative approach in facilitating school works and seeks to build appropriate communication with parents and community partners to enhance students' learning.
- The school needs to intensify its efforts to improve students' overall performance and raise their academic standards in basic skills, particularly in English.
- There is a need to further focus on ensuring that some teachers receive professional development programmes that enable them to improve their practices in lessons and in academic support programmes. This will contribute to improving the quality of teaching and learning processes and raising students' standards.
- Overall, students receive appropriate educational support that contributes to their learning. The school will develop an Action Plan based on the review recommendations.
