Boys School**

17 - 19 March 2025

Location  
Sitra

School Type  
Government

No. of Students  
401

Grade Levels  
1 - 3

Overall effectiveness

**Satisfactory with Good Features**

Students' Academic  
Achievement

Students' Personal  
Development and  
wellbeing

Teaching, Learning  
and Assessment

Leadership,  
Management and  
Governance

## Review Summary

- The school's leadership has appropriate awareness of various aspects of schoolwork and continuously seeks to engage parents in school events and activities. It also benefits from community institutions in enhancing students' talents and interests.
- Most students are well-behaved and participate confidently and enthusiastically in various extracurricular activities. The school provides effective personal development programmes to support students with special needs.
- The school needs to focus its efforts to support various categories of students more effectively in lessons and remedial programmes, particularly low achieving students. Additionally, more focus is to be exerted to develop their basic skills in English.
- The school needs to monitor the impact of professional development programmes on teachers' performance in lessons to a greater extent, particularly those related to implementing more effective teaching strategies, utilising learning time more productively, and challenging students' abilities in lessons, assessment activities, and written work.
- All of this means that students will continue to develop and grow, and the school will draft an Action Plan based on the review recommendations.
