

Hedaya Training Center

19-21 May 2025

Location
Isa Town

Learning Areas
• Banking, Finance and Accountancy

Total Enrolment
177

Overall effectiveness

Good

Aspect 1:
Assessment and Learners' Achievement

Aspect 2:
Learners Engagement and Support for Learning

Aspect 3:
Leadership and Management

Review Summary

- The learning environment at Hedaya Training Center (HTC) is supportive and effectively fosters learners' academic and professional growth. Most learners successfully develop relevant accounting skills and knowledge, achieving their qualifications and meeting the programme's Intended Learning Outcomes (ILOs).
- HTC's strengths include learners' achievement, well-structured assessment practices, and the continuous support provided throughout their learning journey, all of which contribute to the high quality of its training. However, further improvements are needed to engage less active learners during training sessions and ensure consistency in assessment verification and moderation processes.
- HTC's leadership and management team employs an effective self-assessment process and systematically monitors learners' achievement. The next step is to further enhance the self-assessment analysis and better utilise its outcomes to drive strategic and operational improvements.
- HTC is 'Good' in all Aspects when reviewed and will develop an Action Plan to refine its processes based on the review's recommendations.
