### Review Summary

- The school promotes positive students' behaviour and provides them with numerous opportunities to participate in various competitions and extracurricular activities, in some of which they achieve advanced positions.
- The school deals flexibly with the challenges it faces and is keen to enhance continuous communication with parents and partners, which enhances students' experiences and interests.
- Teachers implement effective teaching methods in most mathematics and science lessons in the scientific track Grade 12, which has contributed to the engagement of most students in learning activities.
- The school needs to focus its efforts on providing academic support programmes aiming at improving students' skills, with more attention to developing the students' linguistic skills in the literary and commercial tracks.
- The school needs to focus on developmental priorities, improve implementation and follow-up mechanisms, and work on developing teachers' performance, particularly regarding learning time management, application of more effective assessment methods, and utilisation of their results to support students, especially the low achievers.
- The school is judged 'Satisfactory' when reviewed and will develop an Action Plan based on the review recommendations.
