Review Summary

- The school provides a supportive educational environment where students receive appropriate teaching and effective personal care. Their interests and talents are nurtured through a wide range of extracurricular activities, alongside the clear support provided to students with learning difficulties through their dedicated programme.
- Students demonstrate good behaviour and embody strong Islamic and national values. They participate with confidence and enthusiasm in school life, taking on leadership roles that enhance their personal attributes.
- School leadership shows an appropriate commitment to improvement, takes suitable actions to address challenges, and maintains positive communication with parents and stakeholders.
- The school needs to further raise students' academic standards by ensuring they acquire essential knowledge, concepts, and skills, along with the learning competencies linked to them, through the implementation of more effective actions and rigorous monitoring of their impact.
- The school should place greater focus on enhancing classroom practices through well-targeted professional development, particularly in maximising learning time, planning in line with curriculum competencies, and implementing more effective assessment strategies that challenge students' abilities and are used to address their diverse learning needs.
- The school's overall effectiveness is 'Satisfactory' with good features. An action plan will be developed based on the recommendations of the review.
