596

Overall effectiveness

Outstanding

Aspect 1:
Assessment and Learners'
Achievement

Aspect 2:
Learners Engagement and
Support for Learning

Aspect 3:
Leadership and
Management

Review Summary

- Seef Health Training Center (SHTC) provides high-quality training through specialised dental, medical and allied healthcare programmes, supported by strong leadership committed to continuous improvement with rigorous self-assessment, regular performance monitoring, and effective quality assurance practices.
- Training is delivered in a well-equipped and engaging learning environment, utilising highly effective training and assessment strategies, complemented by targeted, individualised support, constructive feedback, and career guidance to enhance the learning experience.
- The vast majority of learners acquire relevant knowledge and competent vocational skills, enabling them to achieve their qualifications on time.
- To sustain its outstanding performance, the Centre should continue to ensure the consistency and effectiveness of current practices, while further enhancing existing policies and procedures to facilitate future expansion.
- SHTC has received an 'Outstanding' rating across all Aspects and will develop an Action Plan to maintain its high performance in line with the review recommendations.
