Review Summary

- Students demonstrate good academic progress across most subjects, with positive outcomes in the majority of High School external examinations.
- The school provides a wide range of extracurricular activities that cater to students' interests and talents while positively contributing to their personal development.
- Students are disciplined and benefit from a well-structured and supportive school learning environment.
- Students' proficiency in the Arabic language needs to be enhanced across all grade levels.
- Further improvement in teaching practices is needed, particularly in Middle School to ensure better students' engagement, effective use of learning time, and appropriate challenge for all ability levels.
- The leadership team promotes a collaborative culture and maintains positive relationships with the local community.
- Academic support programmes offered need to be more data-driven and targeted, particularly to support the low-achieving students.
- The school is 'Good' when reviewed and will draft an Action Plan based on the review recommendations.
