Overall Judgement

In Progress

- The school has made partial improvements to its performance by implementing some measures to address the last review recommendations, which contributed to enhancing the effectiveness of teaching practices in class teaching lessons, alongside improving the quality of school assessments.
- The school has updated its self-evaluation and utilised the results in developing school plans, focusing on its priorities, which contributed to tangible improvements in certain areas, particularly those related to students' standards and progress in class teaching lessons.
- The school should continue its efforts to provide professional development programmes for teachers, to enhance the effectiveness of teaching practices in lessons, particularly in mathematics and English in the Second and Third Cycles, while maintaining targeted support for students through school programmes, particularly for the low achievers, in addition to focusing on the accuracy of correcting written work.
- The school should continue to address the review recommendations to achieve further improvement. The school will be scheduled for a regular review on the next review visit.
