Review Summary

- Multinational School promotes a fully inclusive culture where students of all abilities feel welcomed, valued, and actively engaged in every aspect of school life.
- Leaders provide clear, forward-looking direction and actively encourage innovation that enriches learning and celebrates the diversity of the school community.
- Students are confident and motivated, participating in a wide range of extracurricular activities that develop their talents and personal skills.
- Students make good progress over time and achieve highly in external examinations, including Cambridge Checkpoint and the International General Certificate of Secondary Education (IGCSE).
- Effective systems identify students' needs, guide support, and monitor both academic and personal development.
- Further development of students' Arabic skills is needed, and follow-up procedures on professional development should ensure consistent challenge and support for all students.
- The school is judged as 'Good', with notable strengths. An action plan will be drafted to sustain its strengths and address the recommendations provided.
