Governance

Review Summary

- The school provides an educational environment in which students receive good-quality teaching that supports the development of their academic skills and prepares them effectively to intermediate stage.
- School's leadership maintain a clear focus on improvement and development, implementing effective procedures to monitor school operations, with evident attention to teacher training, performance monitoring, and the exchange of professional expertise among staff, all of which enhances the effectiveness of teaching and learning.
- The school demonstrates several positive aspects, including communication with parents, a commitment to developing students' personal qualities through a variety of extracurricular activities that nurture their talents, a clear focus on promoting their positive behaviour, and well established support for students with special needs.
- The school should continue to strengthen students' English basic skills, make more effective use of learning time, and provide greater challenge during lessons, while sustaining focused support for low achieving students.
- The school is judged as 'Good' when reviewed and will develop an action plan based on the review recommendations.
