Governance

Review Summary

- The school provides several opportunities for students to engage in extra-curricular activities and both internal and external competitions, in which they achieve advanced positions. It promotes students' positive behaviour through implementation of a range of guidance programmes.
- The school response flexibly to the challenges it faces, such as the shortage of some key facilities. It makes use of its diverse communication channels with parents and partners to enhance student experiences, contributing to improved overall school performance.
- The school provides required personal wellbeing for students, and pays special attention to students with special needs, particularly students in the autism class.
- The school needs to focus its efforts on delivering academic support programmes that raise student achievement levels and equip them with essential skills and knowledge in core subjects.
- The school should continue developing its overall performance by enhancing the quality of teaching and learning, particularly in relation to management of learning time and use of more effective assessment methods that challenge students' abilities and support their progress, especially the low achieving.
- The school is judged 'Satisfactory' when reviewed and will draft an action plan based on the review recommendations.
