Grade Levels
1 - 12

Overall effectiveness

Satisfactory with Good Features

Students' Academic
Achievement

Students' Personal
Development and
wellbeing

Teaching, Learning
and Assessment

Leadership,
Management and
Governance

Review Summary

- High school students achieve well in most subjects in the Central Board of Secondary Education (CBSE) examinations, reflecting effective support and steady progress over time.
- School leadership and governance provide clear strategic direction and foster a collaborative culture that supports continuous improvement, shared values, and students' personal development.
- Students are confident, positive, and actively involved in extracurricular activities that promote their wellbeing and personal growth.
- To ensure further development, teaching practices need to provide greater challenge for the more able students and better targeted support for those needing additional assistance.
- Arabic language skills need to be strengthened for the small group of students who choose to study the subject across the school.
- The school is judged 'Satisfactory with Good Features' when reviewed and will draft an Action Plan based on the review recommendations.
