Review Summary

- Logic Institute for Training (Logic Institute) provides high-quality, learner-centred training supported by strategic leadership committed to continuous improvement. This is reinforced by rigorous self-assessment, robust performance monitoring, and well-established quality assurance processes.
- Training is delivered in an engaging and supportive learning environment, where highly effective training strategies and systematic assessment processes are consistently applied, complemented by individualised support and purposeful development opportunities that enhance learners' performance and professional growth.
- The vast majority of learners acquire relevant knowledge and competent vocational skills, enabling them to achieve their qualifications on time and with high proficiency, particularly within the Chartered Institute of Procurement & Supply (CIPS) programmes.
- To sustain these high standards, the Institute should continue to maintain the quality and consistency of its training and assessment practices and ensure the ongoing effectiveness of quality assurance measures across the provision.
- Logic Institute has received an 'Outstanding' rating across all Aspects and will develop an Action Plan to maintain its high performance in line with the review recommendations.
