- Assessments are well organised and reliable, with clear marking systems that accurately measure learners' skills and support their progress; however, moderation processes could be further formalised to ensure consistent implementation across all programmes.
- Trainers are highly competent and knowledgeable, employ effective training methods and provide personalised feedback, clear explanations and accurate pronunciation models to support learners' communication skills.
- A strong recruitment process ensures that trainers/staff are well prepared and competent before deployment, supported by structured selection, training, and monitoring.
- The Centre is 'Outstanding' in all Review Aspects and will develop an Action Plan to further enhance its performance based on the review recommendations.
